

Interregional Coordination (SEAMS) Stage 2

Approach

- Start with Stage 1 Hi Priority Issues
- Update for Recent Events
- Address Issues In Western Market Interface Committee (WMIC) Forum
- Establish Bilateral Dialog as Needed
- Content Group Role Evolving

WMIC Seams Forum

- Work with DSTAR and CAL ISO in WMIC Forum
 - Agree on Critical Seams Issues
 - Develop Joint Recommendations to RTOs for Approval
- Work Groups Established
 - Congestion Model including FTRs
 - Scheduling Timelines
 - Phase Shifter Impacts
 - Transmission Outage Coordination
 - Others
- Designated RTO West Representatives Receive Technical Direction from Content Groups

Establish Dialog With Neighbor RTOs

- Establish Communication Linkage
 - Reinforce Commitment to Address Seams Issues
 - Follow Up on Stage 1 Discussions
- Issues
 - Market Design
 - Price Reciprocity
 - Ongoing Commitment

Establish Dialog With Neighbor RTOs

- DSTAR Meeting Scheduled
- California Meeting Planned
- Report Back to RRG

Questions/Comments
